

OUR LEARNING BEHAVIOURS

LEARNING TOGETHER... GROWING TOGETHER

Oscar the Owl

I am very curious. I question, I notice things and I think back to previous learning. I look for patterns and connections to learn new things.

Barney and Bertie Bees

We love working together, we explain things clearly to others. We listen carefully to others. We compromise and know we can't always be in charge. We are a good team.

Rachael the Rabbit

If I make a mistake, I dust myself down and go again. I have a growth mindset, always looking for solutions. I don't worry if things go wrong. I learn new things from making mistakes.

Harriet the Hawk

I am always in the concentration zone. I can manage my distractions and I am zoned in on my jobs. I can break things into smaller steps to make things easier. I focus on one thing at a time.

Felicity the Fox

I like to keep reviewing my learning as I know I can polish up on things. I always try to be better than last time. I know learning takes time and I don't compare myself to others.'
